

# INDEX

## Engineering Abstracts

	Issue	Page		Issue	Page
Absorbing Shock of Whaler Lines ... ..	March	48	Approximate Formulas for Calculating		
Accident. Avoidable ... ..	March	29	Wetted Surface Area ... ..	January	8
Accident. Controllable Pitch Propeller Sur-			Arc Welding. Inert ... ..	July	92
vives ... ..	September	119	Arc Welding of Aluminium in Shipbuilding	November	148
Accommodation. New Cargo Vessels with			Area. Approximate Formulas for Calculating		
Passenger ... ..	June	77	Wetted Surface ... ..	January	8
Accuracy of Calculated Stability Curves ...	March	39	Argentine Tug. Repowering... ..	January	10
Accuracy of Torsionmeters ... ..	September	119	Ash Deposit in Gas Turbines ... ..	July	94
A.C. Plant for Passenger Liner ... ..	May	70	Ash Problems. Vanadium ... ..	October	132
Active Rudder. Cargo Vessel with ... ..	April	55	Asphalt-carrying Tankers ... ..	January	13
Active Rudder Installation ... ..	September	117	Atlantic Liners. Six Recent ... ..	January	1
Additives. Diesel Fuel ... ..	June	78	Atomic Ship. First ... ..	February	24
Additives Relieve Boiler Slagging. Oil ...	January	14	Automatic Control of Fuel Viscosity ...	February	26
Adjustment of Marine Diesel Engines. Cor-			Automatic Helmsman... ..	February	21
rect ... ..	May	72	Automatic Marine Tank Gauge ... ..	November	142
Admiralty Diesel Engine. Light Alloys in...	March	33	Automatic Welding Process ... ..	October	135
Admiralty. Dynamometer for ... ..	August	106	Auxiliary Generators. Plant with ... ..	April	49
Admiralty Welding Committee ... ..	September	127	Auxiliary Machinery. Salvage Vessel with		
Advances in Naval Boiler Design ... ..	April	52	Hydraulic... ..	June	76
African Trade. Vessel for West ... ..	February	26	Avoidable Accident ... ..	March	29
Air. Boiler Cleaning by ... ..	November	147			
Air Conditioning in Submarines ... ..	November	148	Back-to-back Testing of Marine Reduction		
Air Filters. Need for Improved Engine ...	January	4	Gears ... ..	April	49
Air Heaters for Marine Boilers. Steam ...	January	1	Back-to-back Testing of Marine Reduction		
Air Preheater for Gas Turbines. Rotary ...	June	73	Gears ... ..	June	83
Air Stream. Evaporation from Water Surface			Bacterial Corrosion ... ..	September	115
into ... ..	February	22	B. and W. Turbo-charged Engine ... ..	January	12
All-gas Turbine Propulsion. First Tanker			Beam Experiments. Compound ... ..	July	93
for ... ..	May	60	Beams under Transverse Impact Loading.		
Alloy for Propellers. New ... ..	February	24	Long ... ..	March	29
Alloys. Anti-fouling Paints for Aluminium	June	76	Bearing Alloys. New... ..	February	28
Alloys in Admiralty Diesel Engine. Light...	March	33	Bearing Oil Supply. Solid Inclusions in ...	February	27
Alloys. New Bearing... ..	February	28	Bearings. Fluid Piston Type ... ..	February	19
Alternating Current. Modern Tanker Using	October	131	Bearings. Roller ... ..	August	107
Aluminium Alloys. Anti-fouling Paints for	June	76	Bearings. Water-lubricated Thrust... ..	March	41
Aluminium and Other Metals. Friction			Bearings. Water-lubricated Thrust ... ..	November	152
between ... ..	February	18	Bedplate under Static Bending Tests. Main		
Aluminium Finishes. Wear-resistant ... ..	March	42	Engine Seatings and ... ..	January	1
Aluminium Funnels ... ..	December	166	Behaviour of Ships. Structural ... ..	March	36
Aluminium in Shipbuilding. Arc Welding			Bend Test. Notched Steam ... ..	March	44
of ... ..	November	148	Bending Stresses. Device to Aid in Mini-		
Aluminium. Marine Applications of ... ..	April	56	mizing ... ..	April	54
American Supertankers ... ..	November	153	Bending Tests. Main Engine Seatings and		
Amyl Nitrate ... ..	February	18	Bedplate under Static ... ..	January	1
Analysing Tanker Framing. Moment Dis-			Bipod on Travelling Platform ... ..	August	104
tribution Method of ... ..	March	39	Blade Width on Propeller Performance.		
Analysis of Gas Turbine Combustors. Tem-			Effect of Pitch and ... ..	January	7
perature and Gas ... ..	July	96	Block Loads during Drydocking. Keel ...	March	40
Analysis of Sprays. Photographic ... ..	February	18	Blower. Supercharging without ... ..	September	122
Anodes. Cathodic Protection in Sea Water			Blowers. Napier Engine with Exhaust Gas		
with Graphite ... ..	October	138	Turbo and Mechanically-driven ... ..	August	103
Anti-fouling Paints for Aluminium Alloys...	June	76	Bodies. Flow about Slender ... ..	August	112
Anti-vibration Nut ... ..	October	134	Bodies of Revolution. Viscous Drag of ...	December	166
Application of Research to Marine Turbine			Boiler Brickwork. Service Performance of	July	88
Development ... ..	July	86	Boiler by Welding, Repair of Marine ...	September	122

	Issue	Page		Issue	Page
Boiler Circulating Pump. Submersible ...	March	34	Chromized Pump Casings ...	September	122
Boiler Cleaning by Air ...	November	147	Chromium-plated Cylinders. Porous ...	May	72
Boiler Design. Advances in Naval ...	April	52	Cleaning by Air. Boiler ...	November	147
Boiler Feed Water. Measurement of Total Oil Content of ...	March	34	Cleaning Installation at Cardiff. Tank ...	August	112
Boiler Fuel for Diesels. Limitations of ...	July	97	Cleaning Vessel. Tank ...	August	103
Boiler. Marine... ..	September	123	Closed-circuit Hot Air Turbine ...	February	20
Boiler Oil. Cylinder Liner Wear with ...	May	70	Closed Circuit Model Tank ...	October	132
Boiler. Oil Fired ...	May	71	Closed Compartments. Gas Turbines in ...	July	95
Boiler Oil in Diesel Engines. Burning of ...	March	33	Clyde Shipyard. Radiography in a ...	February	20
Boiler Oil in Diesel Engines. Use of ...	May	68	Coal-fired Combustion Chambers. Heat Release in... ..	April	51
Boiler Oil in Two-stroke Engines ...	May	70	Coaster. New Motor ...	January	5
Boiler Room Fans. Vertical Spindle ...	January	2	Coaster with Pressure Charged Engine. German ...	April	55
Boiler Slagging. Oil Additives Relieve ...	January	14	Coasters. Modern European... ..	September	124
Boiler Tubes. Heat Transfer through ...	June	73	Coasters. Resistance of Single-screw ...	September	126
Boiler Water Level and Solids Carry-over. Control of... ..	March	35	Coatings. Radiation Suppressing ...	October	137
Boiler with Pressure Firing ...	December	158	Collapsible Tanks for Fluid Cargo ...	October	138
Boilers. Caustic Cracking in Marine Scotch Boilers. Combustion in Marine ...	July	78	Combination Propulsion Plants for Naval Vessels ...	October	140
Boilers. Steam Air Heaters for Marine ...	August	108	Combined Gas and Steam Turbine ...	September	116
Boilers. Synthesis of Two Marine Watertube Boilers. Thickness of Tubes for Watertube Boilers. Ultrasonic Apparatus for Descaling	January	1	Combustion Chambers. Heat Release in Coal-fired ...	April	51
Bolts. Testing Nuts and ...	November	151	Combustion Gases. Effect of Metal Oxide Smoke on ...	November	141
Bolts under Shock Loading ...	March	34	Combustion in Marine Boilers ...	August	108
Bosphorus Ferries. New ...	August	101	Combustors. Temperature and Gas Analysis of Gas Turbine ...	July	96
Brazil. Dredging Equipment for ...	April	54	Compound Beam Experiments ...	July	93
Breakwater. Pneumatic ...	August	105	Compressor. Junkers Free Piston ...	December	164
Brickwork. Service Performance of Boiler... ..	September	125	Compressor Type. New ...	May	68
Brittle Fracture. Initiation of ...	August	110	Computation. Residual Resistance by Direct Condensate Corrosion Inhibitors. Steam ...	January	7
Brittle Strength and Transition Temperature B.S.R.A. Resistance Experiments on the <i>Lucy Ashton</i> ...	February	28	Condensation of Steam ...	April	47
Bulge Test. Explosion ...	July	88	Condenser Systems. Corrosion in ...	January	5
Burner Development. Wide Range ...	March	43	Condenser Systems. Corrosion in ...	July	96
Burning of Boiler Oil in Diesel Engines ...	February	18	Connexions. Strength of Threaded... ..	April	56
Calculated Stability Curves. Accuracy of ...	March	39	Consumption. Measurement of Specific Steam ...	April	51
Calculation of Welding Stresses ...	June	80	Consumption of 10,000-ton Motorship. First ...	October	140
Canadian Icebreakers. Recent ...	January	16	Control Equipment. Pneumatic ...	January	15
Carbon in Ferrous Metals ...	November	145	Control of Boiler Water Level and Solids Carry-over ...	March	35
Carbon Paste as Protection during Welding	June	80	Control of Distortion ...	October	136
Carbon Tetrachloride... ..	October	135	Control of Fuel Viscosity. Automatic ...	February	26
Cardiff. Tank Cleaning Installation at ...	March	30	Control. Superheated Steam Temperature... ..	November	144
Cargo. Collapsible Tanks for Fluid	October	138	Controllable Pitch Propeller Survives Accident ...	September	119
Cargo Liner. Insulation of Refrigerated ...	August	112	Corner Design. Hatch ...	September	127
Cargo Liner. New ...	October	139	Correct Adjustment of Marine Diesel Engines	May	72
Cargo Liners for Mediterranean Trade ...	July	94	Correlation and Tank Wall-effect. Ship Model ...	November	149
Cargo Liner Speed Ten Years Hence ...	September	128	Correlation. Ship Model ...	January	15
Cargo Liner with Supercharged Diesel Engine ...	October	139	Corrosion. Bacterial ...	September	115
Cargo Motorship. German ...	December	165	Corrosion. Filliform ...	October	139
Cargo Pipe System. Tanker ...	June	74	Corrosion in Condenser Systems ...	July	96
Cargo Ship. Free-piston Engines ...	March	41	Corrosion in Engineering. Some Observations on ...	April	47
Cargo Ship. Refrigerated ...	May	66	Corrosion Inhibitors. Steam Condensate ...	April	47
Cargo Ship. <i>Mariner</i> Class Dry ...	November	150	Corrosion in the Moisture Region of Large Steam Turbines ...	November	148
Cargo Ships. <i>Mariner</i> Class Dry ...	November	152	Corrosion. Investigation of Fretting ...	May	62
Cargo Tank Heating. Oil ...	June	74	Corrosion of Fuel Injection Nozzles ...	August	107
Cargo Vessel. Refrigerated ...	June	80	Corrosion Resistant Steel for Tankers ...	June	78
Cargo Vessels with Passenger Accommodation. New ...	February	19	Corrosion. Unusual Tank Vessel ...	August	105
Cargo Vessel with Active Rudder ...	June	77	Corrosion. Use of Flue Gas to Retard ...	September	115
Cargo Winches for <i>Mariner</i> Class Vessels ...	April	55	Corrosive Nature of Flue Gases. Investigation of ...	January	5
Casings. Thermal Distortion of Turbine ...	April	48	Couplings for Geared Propulsion Units ...	March	32
Cathodic Protection in Sea Water with Graphite Anodes ...	April	50	Crack Arresters ...	March	37
Cathodic Protection. Shipbottom Paints Subjected to ...	October	138	Cracking in Marine Scotch Boilers. Caustic	July	89
Caustic Cracking in Marine Scotch Boilers... ..	March	44	Crane for Unloading Tankers ...	October	135
Cavitation-erosion of Ships' Propellers ...	July	89			
Circulating Pump. Submersible Boiler ...	July	85			
Challenge in Ship Design ...	March	34			
	August	109			

	Issue	Page		Issue	Page
Crane. Modern Monotower ... ..	April	46	Diesel Engines. Some Notes and Results		
Crankcase Explosion Door ... ..	November	143	Relating to the Use of Heavy Fuel Oils		
Crankcase Oils. Deterioration of I.C. Engine	November	141	in Marine... ..	August	101
Crankcase Oils. Kinetic Study of Deteriora-			Diesel Engines. Tests on the Use of Heavy		
tion of ... ..	November	141	Fuels in Tosi Four-stroke Exhaust Gas		
Crankcases. Safety Valve for ... ..	December	158	Supercharged ... ..	July	99
Crankpins on Board. Grinding Large ... ..	July	97	Diesel Engines. Torsional Vibration in ... ..	July	87
Criticism of Sea Trials ... ..	November	146	Diesel Engines. Use of Boiler Oil in ... ..	May	68
Cr-Mo Pipe. Welding ... ..	November	148	Diesel Fuel Additives... ..	June	78
Cross-Channel Vessel. New French ... ..	June	79	Diesel-gas Turbine Unit. Nomad ... ..	July	87
Cyclone Separator for Suction Dredger ... ..	October	133	Diesel Lubricant Performance ... ..	March	41
Cylinder Liner Wear with Boiler Oil ... ..	May	70	Diesel Maintenance Control by Spectro-		
Cylinders. Porous Chromium-plated ... ..	May	72	graphic Means ... ..	March	33
Cylinder Wear in Diesel Engines ... ..	August	108	Diesel. New Lightweight Marine ... ..	January	4
Cylinder Wear in Marine Diesel Engines ... ..	September	122	Diesel Plant. Turbo-charged Two-stroke ... ..	January	3
			Diesels. Heavy Fuel Oil for Geared Marine	July	98
Damage on Board Ship. Sweat ... ..	December	163	Diesels. Limitations of Boiler Fuel for ... ..	July	97
Danish Built Vessels for Russia ... ..	December	158	Diesels. Turbo Supercharging of Large		
Davits. List-proof ... ..	March	37	Two-cycle ... ..	July	97
De-aerating System for Tankers ... ..	May	59	Diesel Towboat. 4,800 Horsepower ... ..	March	38
Defects. Investigation of Ships' Hull and			Difficulties in Driving Generator from Pro-		
Machinery... ..	November	147	peller Shaft ... ..	May	68
Defects in Welded Ships. Failures and ... ..	April	45	Dimensionless Frequency Parameter in		
Deflecting Wheel. Steam Turbine ... ..	April	48	Unsteady Flows ... ..	June	77
De Laval Pressure Charger. New ... ..	July	98	Direct Computation. Residual Resistance		
Deltic Diesel Engine. Napier ... ..	July	87	by ... ..	January	7
Deposit in Gas Turbines. Ash ... ..	July	94	Distilling Plants. Scale Formation in Sea-		
Derrick. Test of 40-ton ... ..	April	45	water ... ..	March	35
Descaling Boilers. Ultrasonic Apparatus for	August	101	Distortion and Shrinkage Stresses in Welded		
Design. Advances in Naval Boiler ... ..	April	52	and Riveted Hulls ... ..	November	148
Design. Challenge in Ship ... ..	August	109	Distortion. Control of ... ..	October	136
Design. Development of Marine Steam			Distortion of Turbine Casings. Thermal ... ..	April	50
Turbine ... ..	June	83	Docks. Large Dry ... ..	July	91
Design for Flexible Fenders ... ..	April	51	Door. Crankcase Explosion... ..	November	141
Design. Hatch Corner ... ..	September	127	Doxford Engines on High-viscosity Fuel Oils	May	70
Design of Transatlantic Liners ... ..	January	7	Draughts on Propulsive Qualities. Influence		
Design of Welded Ships. Hull ... ..	March	37	of ... ..	March	40
Design. Radiation and Furnace ... ..	November	141	Dredger. Cyclone Separator for Suction ... ..	October	133
Design. Ship Maintenance and Future ... ..	August	110	Dredging Equipment for Brazil ... ..	August	110
Design. Superheat Temperature Affects Plant	November	149	Dredging Problems. Research in ... ..	August	111
Deterioration of Crankcase Oils. Kinetic			Dry Cargo Ships. Mariner Class ... ..	June	74
Study of ... ..	November	141	Drydocking. Keel Block Loads during ... ..	March	40
Deterioration of I.C. Engine Crankcase Oils	November	141	Dry Docks. Large ... ..	July	91
Determination of Natural Resonances in			Dutch and French Lifeboats. Stability of	March	31
Mechanical Systems ... ..	April	49	Dutch Two-stroke Engine ... ..	May	64
Development and Maintenance of Post-war			Dynamometer for Admiralty... ..	August	106
Naval Machinery... ..	May	66			
Development of Marine Steam Turbine			"Easifast" Hatch Covers ... ..	May	63
Design ... ..	June	83	Echo Finder for Whaling ... ..	February	23
Device to Aid in Minimizing Bending Stresses	April	54	Effect of Heat Treatment on Transition		
Diesel Digestion ... ..	April	51	Temperature ... ..	November	148
Diesel-electric Icebreaker. High Powered ... ..	August	109	Effect of Metal Oxide Smoke on Combustion		
Diesel-electric Pilot Vessel ... ..	July	93	Gases ... ..	November	141
Diesel-electric Tug. French ... ..	February	17	Effect of Pitch and Blade Width on Pro-		
Diesel Engine. Cargo Liner with Super-			peller Performance ... ..	January	7
charged ... ..	June	74	Effect of Radial Pitch Variation on Propeller		
Diesel Engine Indicators and Indicating ... ..	March	32	Performance ... ..	May	63
Diesel Engine Installation. Marine ... ..	December	160	Effective Flange ... ..	August	105
Diesel Engine. Light Alloys in Admiralty	March	33	Electric Slip Couplings. Torsional Vibration		
Diesel Engine. Napier Deltic ... ..	July	87	Dampers and ... ..	December	166
Diesel Engine. New High Speed ... ..	March	33	Electrical Characteristics of Tankers... ..	November	145
Diesel Engine. New Swedish ... ..	August	107	Electrical Installations. Progress in Marine	June	82
Diesel Engine Repair ... ..	October	140	Electrolytic Tank Development ... ..	August	109
Diesel Engine. Single-acting Two-stroke ... ..	January	4	Electrostatic Origin. Industrial Fires and		
Diesel-engined Tankers. Largest ... ..	June	76	Explosions from ... ..	June	82
Diesel Engines. Burning of Boiler Oil in ... ..	March	33	Embrittlement of Heat Resisting Steel ... ..	February	21
Diesel Engines. Correct Adjustment of			Engine Room Skylights. Hydraulic System		
Marine ... ..	May	72	for... ..	March	32
Diesel Engines. Cylinder Wear in ... ..	August	108	Engines for Fishing Industry ... ..	November	152
Diesel Engines. Cylinder Wear in Marine ... ..	September	122	Estimating Towing Resistance of Ships from		
Diesel Engines. Pressure Charged Four-			Small Models ... ..	July	91
stroke ... ..	September	120	European Coasters. Modern... ..	September	124

	Issue	Page		Issue	Page
Evaporation from Water Surface into Air Stream ... ..	February	22	Free-piston Gas-turbine Plant ... ..	September	114
Evaporators for Motor Liner... ..	September	120	Free-piston Generators. Performance of ... ..	October	129
Exhaust Gas Supercharged Diesel Engines. Tests on the Use of Heavy Fuels in Tosi Four-stroke ... ..	July	99	Freezing Trawler. Experimental ... ..	November	150
Exhaust Gas Turbo and Mechanically-driven Blowers. Napier Engine with ... ..	August	103	Freighter. Re-engining of ... ..	January	8
Experimental Freezing Trawler ... ..	November	150	French Cross-Channel Vessel. New ... ..	June	79
Experiments. Compound Beam ... ..	July	93	French Diesel-electric Tug ... ..	February	27
Experiments with Tanker Models ... ..	August	104	French Fire Floats ... ..	August	102
Explosion Bulge Test... ..	August	105	French Lifeboats. Stability of Dutch and ... ..	March	31
Explosion Door. Crankcase ... ..	November	143	French Passenger Liner ... ..	July	92
Explosions from Electrostatic Origin. Industrial Fires and ... ..	June	82	French Shipbuilding Research ... ..	April	54
Failures and Defects in Welded Ships ... ..	April	45	French Twin-screw Passenger Steamship ... ..	November	142
Fans. Noise of Ventilating ... ..	November	153	Frequency Parameter in Unsteady Flows. Dimensionless ... ..	June	77
Fans. Vertical Spindle Boiler Room ... ..	January	2	Fretting Corrosion. Investigation of ... ..	May	62
Fatigue Strength of Marine Shafting. Torsional ... ..	May	66	Friction between Aluminium and Other Metals ... ..	February	28
Fatigue in Ship Structures ... ..	June	74	Friction Determination Using Wall-sided Models. Skin ... ..	June	78
Feed Water. Measurement of Total Oil Content of Boiler ... ..	March	34	Frictional Resistance of Flat Plates in Zero Pressure Gradient ... ..	July	90
Fenders. Design for Flexible ... ..	April	51	Fuel Additives. Diesel ... ..	June	78
Fenders. Gravity ... ..	December	157	Fuel Burner. Return Flow ... ..	December	160
Ferrous Metals. Carbon in ... ..	June	80	Fuel Consumption of Ships' Machinery. Real ... ..	January	2
Ferries. New Bosphorus ... ..	September	125	Fuel for Diesels. Limitations of Boiler ... ..	July	97
Ferries. New Great Lakes ... ..	May	72	Fuel Injection Nozzles. Corrosion of ... ..	August	107
Ferryboat. Finnish ... ..	January	9	Fuel Oil for Gearing Marine Diesels. Heavy ... ..	July	98
Ferry. Large ... ..	December	166	Fuel Oils. Doxford Engines on High-viscosity ... ..	May	70
Ferry. Large Train ... ..	September	113	Fuel Oils. Metallic Elements in ... ..	October	133
Filiform Corrosion ... ..	October	139	Fuel. Tests with Stork Hesselman Engines Running on Heavy ... ..	July	96
Filters. Need for Improved Engine Air ... ..	January	4	Fuel. Two Years' Experience with Sulzer Engines on Heavy ... ..	July	99
Finnish Ferryboat ... ..	January	9	Fuel Viscosity. Automatic Control of ... ..	February	26
Fire Floats. French ... ..	August	102	Fuels for Gas Turbines ... ..	May	58
Fires and Explosions from Electrostatic Origin. Industrial ... ..	June	82	Fuels in Tosi Four-stroke Exhaust Gas Supercharged Diesel Engines. Tests on the Use of Heavy ... ..	July	99
First Atomic Ship ... ..	February	24	Fuels. Pumps for Solid ... ..	July	94
First Consumption of 10,000-ton Motorship ... ..	October	140	Fuels. Single Pass Separator for Heavy ... ..	June	81
First Tanker for All-gas Turbine Propulsion ... ..	May	60	Furnace Design. Radiation and ... ..	November	141
First 18,000-ton Standard Tanker for Shell Fleet ... ..	October	129	Furnace. Radiant Heat Absorption in Oil Fired ... ..	September	124
Fishing Industry. Engines for ... ..	November	152	Funnels. Aluminium ... ..	December	166
Fishing Vessels. Model Tests on ... ..	March	40	Galling. Preventing Stainless Steel... ..	August	112
Five-blade Propeller Results ... ..	September	117	Gas Analysis of Gas Turbine Combustors. Temperature and... ..	July	96
Flange. Effective ... ..	August	105	Gas and Steam Turbine. Combined ... ..	September	116
Flat Plates in Zero Pressure Gradient. Frictional Resistance of ... ..	July	90	Gas Generators. High-output Free-piston ... ..	October	131
Flexible Fenders. Design for ... ..	April	51	Gas to Retard Corrosion. Use of Flue ... ..	September	115
Flow about Slender Bodies ... ..	August	112	Gas Turbo and Mechanically-driven Blowers. Napier Engine with Exhaust ... ..	August	103
Flue Gas to Retard Corrosion. Use of ... ..	September	115	Gas Turbine Combustors. Temperature and Gas Analysis of ... ..	July	96
Flue Gases. Investigation of Corrosive Nature of ... ..	January	5	Gas Turbine-driven M.T.Bs ... ..	February	18
Flue Gases. Sulphur Trioxide Content of ... ..	September	128	Gas Turbine. G2 ... ..	May	64
Fluid Cargo. Collapsible Tanks for... ..	October	138	Gas-turbine Plant. Free-piston ... ..	September	114
Fluid Piston Type Bearings ... ..	February	19	Gas Turbine Progress—Marine ... ..	May	59
Foil-type Strain Gauges ... ..	September	125	Gas Turbine Progress Report—Merchant Vessels ... ..	April	53
