ABSTRACTS

	Issue	Page		Issue	Page
AIR COMPRESSION					
Air Starting Systems for Marine Gas Turbine Engines	October	374	Stowage of Cargo in Ships*	October	376
			Transport of Liquefied Gases by Sea ...	November	398
			Unitized Cargo Transportation Systems ...	September	334
ANCHORS, CABLES AND RIGGING					
Chain Cables	February	58	CAVITATION		
Underwater Suction Anchors	November	416	Cavitation Damage and Correlations with Material and Fluid Properties	April	126
BEARINGS					
Analysis and Design of Spiral-groove Bearings	January	28	Cavitation Damage Experiments in a Rotating Disc Apparatus	October	375
Behaviour in Service of Crankshafts and Their Bearings	September	320	Cavitation Effects in Poppet Valves	July	254
Diamond Electro-plating of Bearing Surfaces	May	152	Erosion Resistance of Coatings	January	29
Effects of Elastic Distortions on Journal Bearing Performances	March	93	Investigation of Cavitating Cascades ...	April	126
Influence of Coupled Asymmetric Bearings on the Motion of a Massive Flexible Rotor	April	126	Mechanism of Inception of Hydraulic Cavitation	May	158
Performance Investigation into the Elastically Stepped and Shrouded Thrust Bearing	December	443	Some Cavitation Effects in Spool Valve Orifices	April	127
BOILERS AND ANCILLARY EQUIPMENT					
Loss of Boilers Due to Trap	October	365	Theoretical Predictions of Characteristics and Cavitation Properties of Propellers	November	413
Soot Blowers for Large Marine Boilers ...	February	55	CORROSION AND FOULING		
Water Analogue Technique in Boiler Design	March	86	Accelerated Corrosion Testing	March	93
CARGO HANDLING AND STOWAGE					
Automated Cargo Handling	December	441	Additive Against High Temperature Corrosion by Residual Fuel Oil Ash ...	January	30
Automated L.P.G. Tanker	October	370	Advantages of Aluminized Wire Rope for Sea Water Service	November	404
Cargo Gear Selection	September	329	Aluminium Alloy Anodes	August	292
Cargo Ship for Carrying Loaded Barges* ...	May	159	Aluminium Anodes in Sea Water	January	29
Current Revolution in Overseas Transportation	June	205	Assembly for Electrochemical Corrosion Studies	April	125
Developments in Side Loading Transporters and Deck Auxiliaries	January	31	Cathodic Protection	January	29
Gas Tanker Development at AG Wester, Bremen	June	195	Causes of Stress Corrosion Cracking ...	March	92
Hold Ventilation System	January	21	Control of Corrosion at Mechanical Joints	January	29
Hydrodynamic Considerations Regarding Ballast Piping on Bulk Carriers	June	193	Corrosion and Heat Transfer	February	63
Integrated Container Handling System ...	June	196	Corrosion of Mechanical Joints in Aluminium and Aluminium Steel Structures	January	29
Invention and Innovation in Transportation Overseas	June	205	Corrosion of Metals in Tropical Environments	July	255
Liquid Gas Carrier for Mexico	October	370	Corrosion Test Methods for Heat Exchanger Applications	June	205
Membrane System for L.P.G. Carriers ...	October	368	Effects of Turbine Atmospheres on Sulphidation Corrosion	July	256
Pallet Handling Technique	September	328	Fighting Barnacles	June	187
Prototype Packaged Lumber Carrier	July	253	Fretting Corrosion Products of Aluminium Alloys	August	293
Rapid Handling of Unitized Cargo	November	401	Hydrodynamic Resistance of External Hull Anodes	January	26
Screw Pumps for Tanker Cargo Handling ...	November	408	Metal Corrosion in Deep-ocean Environments	June	192
Ship's Supplementary Loading Device* ...	June	207	New Coatings	June	186
Solvent Carriers for Norwegian Owners ...	October	364	Practical Applications of Corrosion-testing Apparatus Under Heat Transfer Conditions	January	30
			Sea Water Corrosion of Nickel and Other Metals	February	53

* Patent Specification

Marine Engineering and Shipbuilding Abstracts

	Issue	Page		Issue	Page
Sea Water Effects on Zinc Anode Potentials	July	248	Refrigerated Sea Water Trawler	November	414
Steam/Water System Corrosion	January	28	Stern Trawler Designs	August	294
Use of Pulsed Applied Voltage in the Derivation of Corrosion Rates from Polarization Resistance Measurements	January	28	Towing Resistance of Trawls	October	366
Vitreous Enamelling Protects Steel Tubes from Corrosion	March	94			
DECK AND CARGO MACHINERY					
Hansa Liner with 550-ton Heavy Lift Rig	October	363	FUELS AND COMBUSTION		
DISTILLING AND WATER TREATMENT					
Condensate-cooled Evaporators	December	439	Burner with Sonic Fuel Atomizer	January	14
Effect of Dropwise Condensation on the Thermal Efficiency of a Triple Effect Water Distillation Plant	January	28	Copper Compounds for Improving Combustion in Oil Fired Boilers	March	94
DOCKS, HARBOURS AND BERTHING					
Analysis of Assumed Mooring Arrangement for Maritime Class Ship	November	413	Diesel Fuel Oils	April	125
Floatable Terminus for Tankers*	June	208	Fuel-cell Power Plant for Deep-diving Submarine	August	293
Port of the Future	June	205	Fuels for Marine Gas Turbines	June	204
Threshold of Surge Damage for Moored Ships	July	255	General Theory of Oscillatory Combustion	December	443
DREDGING					
Automating the Hydraulic Dredge	January	18	Influence of Intermediate Fuel on Cylinder Wear	April	116
Repair of Dredge Pumps	June	198	Influences of Fuel Oil Characteristics and Combustion Conditions on Flue Gas Properties in Water Tube Boilers ...	March	92
World's Largest Dredger	August	288	Measuring Method for the Spray Characteristics of a Fuel Atomizer	March	95
ELECTRICAL EQUIPMENT AND INSTALLATION					
Advanced Shipboard Power Generation ...	January	11	Recirculation Eddies in the Wake of Flame Holders	July	255
Compact Undersea Connectors	October	362	Residual Oil Combustion in Gas Turbines	June	203
Floating Power Plant	February	63	Smoke Elimination in Gas Turbines Burning Distillate Oil	June	204
Shaft-driven Generators	November	400	Smokeless Combustion in Oil Burning Gas Turbines	June	205
ENGINES—STEAM TURBINE					
Dynamics of Marine Steam Propulsion ...	August	284	Stratification and Combustion in Reciprocating Engines	November	415
Features of the Automatic Control of the Steam-condensate Cycle of the Propulsion Plant of Sofia Class Tankers ...	January	27	GAS TURBINES		
Gas Turbine Combined with Marine Steam Turbine Plant	September	333	Air Starting Systems for Marine Gas Turbine Engines	October	374
High Output Steam Turbine	April	122	Automatic Starting for Marine Gas Turbines	August	283
Thermodynamic Design of Combined Steam and Gas Turbine Marine Propulsion System	June	207	Carbon Dioxide Condensation Cycles for Power Production	October	374
Vertical Single-stage Steam Turbines ...	April	115	Development of High Temperature Alloys for Marine Gas Turbines	January	12
FISHING					
All-enclosed Longliner for Greenland Waters	November	396	First Canadian Marine Gas Turbine	September	335
Apparatus for Pumping Fish*	January	32	Fuels for Marine Gas Turbines	June	204
Britain First with Computerized Fisheries Research Vessel	November	413	Gas Turbine Auto-starting Sequence Controller	June	197
Canadian-built Seiner Trawler	January	18	Gas Turbine Combined with Marine Steam Turbine Plant	September	333
Canadian 200 ft Tuna Seiner	August	285	Gas Turbine for Large Vehicle Transport	February	59
Controllable Pitch Propellers for Stern Trawlers	January	23	Gas Turbine Propulsion for High-speed Small Craft	November	413
Design Study of Unmanned Engine Room for Stern Freezer Trawlers	June	206	Governing Gas Turbine Engines for Marine Propulsion	October	374
Design Study for Unmanned Engine Room for Stern Freezer Trawlers	September	331	Heat Recovery for Gas Turbine	July	256
Electric Fishing	August	288	Hydraulic Starting of Marine Gas Turbine Engines	October	374
Fishery Research Vessel	October	369	Hydromechanical Fuel Control for Portable Gas Turbine Generators	November	414
Italian-built Stern Trawler with Kort Nozzle Rudder	March	90	Lightweight Gas Turbine	December	434
Japanese Distant Water Factory Trawler ...	November	406	Marine Gas Turbine	September	335
Norwegian-designed Stern Trawler for Greenland	November	403	Marine Gas Turbine Regenerator	June	204
Polish-built Stern Trawler for British Owners	November	408	Marine Gas Turbines	February	52
			Novel Gas Turbine Cycle with Ceramic Air Heater	March	94
			Qualification of Gas Turbine Engine for U.S. Shipboard Use	October	374
			Recent Sea-salt-in-air Implications as Highlighted by Marine Gas Turbine Requirements	June	204
