

# CONTENTS

- Paper 1** Maritime engineering and the microprocessor  
B. Hildrew
- Paper 2** Review of dynamic positioning and diving in the North Sea  
J. J. S. Daniel
- Paper 3** The safety auditing of DP vessels  
S. W. Barber
- Paper 4** Operational experience with dynamically positioned diving support vessels  
R. I. Harper
- Paper 5** Dynamic positioning vessels and diving safety  
W. Thorniley  
Discussions on Papers 2 - 5 (A. N. S. Burnett, Captain C. A. Jenman, R. J. Page, D. W. Robinson, C. J. Parker, I. Turner, J. Simpson) and authors' replies.
- Paper 6** Design considerations for electric propulsion of specialist offshore vessels  
S. K. Taylor and J. S. Williams  
Discussion (N. V. Almy, K. Brownlie, J. H. Davidson) and authors' reply.
- Paper 7** Economic design of cooling water, fuel and electrical power generation systems for motorships  
G. Grossmann  
Discussion (J. K. Robinson, J. R. Williams, J. C. Hatchman) and author's reply.
- Paper 8** Risks of crankcase explosions in oil engines and dual-fuel engines  
G. P. Smedley  
Discussion (A. B. Keighley, P. R. Belcher, T. A. Bradshaw, B. J. Smith, J. Crawford, G. S. Smith, P. A. Frank, P. Sheath, R. T. Moran, R. G. A. Thompson, C. F. Daugas, B. Bech).
- Paper 9** Some marine machinery failures and their causes  
R. F. Munro and P. E. Haynes  
Discussion (P. J. Hambling, J. L. Buxton, T. W. Bunyan, J. Crawford, G. Victory, J. K. Robinson, J. L. Snowdon, R. Apraiz, T. L. Palmer) and authors' reply.
- Paper 10** The application of emulsified fuels in diesel engine designs: Experimental results and theoretical predications  
R. V. Thompson and P. S. Katsoulakos  
Discussion (F. Ørbeck, R. Ives, R. P. Holbrook, D. B. Stables, N.G. Luard, D. Honour, D. McSorland) and authors' reply.
- Paper 11** Soft starting of induction motors for marine and offshore applications  
A. H. Kulasinghe and R. Simpson  
Discussion (J. K. Robinson, M. R. Greenhalgh, A. N. Claridge, W. Rutherford, H. O. Stevens) and authors' reply.
- Paper 12** Underwater hull surface painting strategy — A shipowner's conclusions  
M. Perry  
Discussion (W. H. Hansen, D. B. Foy, R. M. Morgan, D. Byrne, M. G. Osborne) and author's reply.
- Paper 13** The use of heavy fuels in diesel engines of marine auxiliary sizes  
W. Lowe
- Paper 14** Aspects of the single fuel ship  
P. C. Nissen
- Paper 15** Service experience with Sulzer A-type engines on heavy fuel oils  
B. Eckert  
Discussion on Papers 13 -15 (F. C. Bown, S. G. Dexter, R. M. Hobson) and authors' replies.

- Paper 16**      **Electromagnetic compatibility in ships**  
**F. J. Derham and G. A. Jackson**  
Discussion (J. K. Robinson, R. Doherty, G. E. Woodliff, D. St J. Seigne) and authors' reply.
- Paper 17**      **An introduction to the use of model simulation in system design**  
**A. M. Dorrian**
- Paper 18**      **Optimum control of marine propulsion units**  
**J. B. D. Rush and D. R. Broome**
- Paper 19**      **A machinery space simulator based on a microprocessor**  
**R. Beams, J. Francis and S. Stallwood**  
Discussion on Papers 17 - 19 (T. C. Morrison, D. S. Knight, J. L. Grostick, A. G. Wood, C. T. Marwood, J. K. Robinson, A. Hill) and authors' replies.
- Paper 20**      **Multicore undersea pipeline technology**  
**R. J. Brown and A. C. Palmer**  
Discussion (Dr J. Cowley, C. F. Smith, M. Robertson) and authors' reply.
- Paper 21**      **Nautical medicine and health care on board ships**  
**W. H. G. Goethe**  
Discussion (Surgeon Captain E. P. Beck, R. G. Boddie, J. W. Bowden, Professor R. I. McCullum, Dr J. Cowley, Dr D. Dean, R. M. Duggan, J. Kinahan, J. McNaught, Dr J. E. Morris, Dr B. Nolan, Dr P. Shipley, Surgeon Commander T. A. Turnball, Surgeon Vice-Admiral Sir James Watt) and author's reply.
- Paper 22**      **Practical experiences of ALCAP: a separation system for heavy fuel oil**  
**S. Eriksson**  
Discussion (D. Honour, R. Scotwick, Commander E. Tyrell, Dr J. Cowley, D. A. Sivell) and author's reply.
- Paper 23**      **Compact coal-fired power plant for marine application**  
**J. E. E. Sharpe**  
Discussion (Commander K. I. Short, P. Holbrook, A. F. Hodgkin, Professor R. O. Goss, Dr M. Garratt, A. M. Dyson, D. M. Willis, Dr A. Moulton) and author's reply.
- Paper 24**      **New materials for the marine and offshore industry**  
**J. F. G. Condé**  
Discussion (V. A. Callcut, T. J. Glover, B. Todd, H. Capper, J. L. Clarke) and author's reply.
- Paper 25**      **Design of marine diesel engine crankshafts: comparison of measured and calculated stresses using the proposed CIMAC rules**  
**G. Donath and H. Seidemann**  
Discussion (B. Law, G. C. Volcy, R. B. Siggers, A. H. Syed, R. H. Crowther, I. J. Bickley, G. S. Mole, C. Gray, S. Archer, C. Archer) and authors' reply.
