

RECENT PUBLICATIONS

The editor would welcome suggestions of items for inclusion in future lists, particularly those appearing in out-of-the-way publications. Articles of interest to specialists are not sought, but rather those that help to keep professional naval engineers up to date.

- ANIYI Chris LIEUTENANT; Jennngs Andrew Dr.; Fleisher S. Lieutenant Commander. **The Type 23 Merlin Helicopter Handling System – PRISM.** Review of Naval Engineering. Winter 2000. Volume 54 No.2. pp 2-6.
- CROWTHER J. CPO. **TEMO The Test Equipment Management Organisation.** Review of Naval Engineering. Spring 2001. Volume 54 No.3. pp 52-53.
- GREGORY Alastair LIEUTENANT COMMANDER. **A 'Naval' Naval Architect.** Review of Naval Engineering. Winter 2000. Volume 54 No.2. pp 36-39.
- HARRINGTON M. CPO AEAM. **An air engineer's view from the blunt end – Closer cooperation between NATO navies.** Review of Naval Engineering. Winter 2000. Volume 54 No.2. pp 40-45.
- HUNT Pat LIEUTENANT. **Digital television, Satellite television, Terrestrial television digital versatile discs.** Review of Naval Engineering. Spring 2001. Volume 54 No.3. pp 14-17.
- JOYCE David LIEUTENANT COMMANDER. **Performance support for naval maintainers.** Review of Naval Engineering. Winter 2000. Volume 54 No.2. pp 66-69.
- LA FRANCHI Peter:
- The unmanned revolution.** Flight International. Unmanned Air Vehicles. pp 3-5.
- Tough lessons learned.** Flight International. Unmanned Air Vehicles. pp 6-9.
- LEE John. **The GWS 30 reference facility.** Review of Naval Engineering. Spring 2001. Volume 54 No.3. pp 44-46.
- LEWIS Paul. **Risk reduction.** Flight International. Unmanned Air Vehicles. pp 17-19.
- MARTIN Paul LIEUTENANT COLONEL. **JWID the Joint Warrior Interoperability Demonstration 2000.** Review of Naval Engineering. Winter 2000. Volume 54 No.2. pp 17-21.
- NORRIS Guy. **Global Hawk sets the pace.** Flight International. Unmanned Air Vehicles. pp 26-32.
- O'FLAHERTY John LIEUTENANT COMMANDER. **Damage Control and firefighting in lean manned future ships.** Review of Naval Engineering. Spring 2001. Volume 54 No.3. pp 38-43.
- PESTELL Stephen. **Communication network management.** Review of Naval Engineering. Winter 2000. Volume 54 No.2. pp 22-28.
- PHENNA Andy LIEUTENANT COMMANDER. **Digital television to sailors.** Review of Naval Engineering. Spring 2001. Volume 54 No.3. pp 12-13.
- RIDLER W. COMMANDER. **Fire Fighting Training Units.** Review of Naval Engineering. Winter 2000. Volume 54 No.2. pp 56-57.

SAMWAYS Shaun D. **Acoustic Eyes. The Subsea Acoustic Vision System.** Review of Naval Engineering. Winter 2000. Volume 54 No.2. pp 46-49.

SPALDING Richard COMMANDER. **Equipment Support – Already getting Smarter.** Review of Naval Engineering. Spring 2001. Volume 54 No.3. pp 20-21.

SPENCER 'Chuck'. **Sting Ray Mod 1.** Review of Naval Engineering. Winter 2000. Volume 54 No.2. pp 32-36.

TOMMS David. **There is life after NAMET!** Review of Naval Engineering. Winter 2000. Volume 54 No.2. pp 7-10.

UPTON Iain LIEUTENANT COMMANDER. **The fall and rise of Engineer Officer Recruiting.** Review of Naval Engineering. Spring 2001. Volume 54 No.3. pp 25-29.
