

# NAVAL ORDNANCE DEPARTMENT

## ORDNANCE ENGINEERING SUB-SPECIALIZATION HEADQUARTERS ORGANIZATION

Since the previous list of the organization of the Naval Ordnance Department was published (Vol. 10, No. 3), the post of A.D.N.O. (TA) has been abolished and the responsibility for O/E officer technical training, complementing and security classification and clearance has been vested in A.D.N.O. (Q), with an additional lieutenant-commander (O/E) as assistant.

In addition to the above duties the assistant to A.D.N.O. (Q) will deal with the administrative questions previously dealt with by A.D.N.O. (TA) and for this purpose will be responsible to D.D.N.O. (M).

The Ordnance Personnel Officer will be separately responsible to A.D.N.O. (Q) for ordnance ratings and S.D. officers complementing and training.

### LONDON

#### CHIEF ORDNANCE ENGINEER OFFICER

*Rear-Admiral* SIR JOHN R. COOTE, BT., C.B.E., D.S.C., M.I.MECH.E.
