

SESSION

1912-1913

President: SUMMERS HUNTER, Esq.

## Proposed Memorial to the Engineering Staff of the "Titanic"

58, ROMFORD ROAD,  
STRATFORD,  
LONDON, E.,  
*June 1, 1912.*

We are indebted, and give thanks, to several friends who have been instrumental in arranging concerts in aid of the Fund being raised with a view to memorize the engineering staff of the *Titanic* in a fitting and suitable way.

Inquiries have reached us from many well-known firms, with regard to the proposed Memorial, and in view of the intention that it should take the form, to a large extent, of an orphanage or orphanage votes for the children of Marine Engineers, we have every hope that a large amount will be raised. Messrs. G. & J. Weir, Ltd., Glasgow, have augmented the Fund by a donation of £200. The total sum to this date exceeds £800.

The following is a list of steamers from which contributions have been received to date :—

Afghanistan.  
Barrow.  
Caledonia.  
Caradoc.  
Carpentaria.  
Champion.  
Chyebassa.  
Chanda.  
Colonia.
